Your Snake Box

- 1 Bass (Rick)
- 2 Electric Guitar (Eric)
- 3 Mandolin (Eric)
- 4 Violin (Eric)
- 5 Acoustic Guitar (Brian)
- 6
- 7
- 8
- 9 Fiddle (Larry)
- 10 Eric Vocal
- 11 Brian Vocal
- 12 Rick Vocal
- 13
- 14 Kick
- 15 Snare
- 16 Drum Mix (auxiliary mix of toms & drum OH's, sent to our monitor mixer)

5 total band members. 3 singers. We provide all microphones, stands, cables & DI's for channels 1-15 as indicated. This includes kick & snare. You provide all other microphones, stands, & cables for the rest of the drum kit. Inputs 1-15 will first go through OUR on-stage monitor console and then out of it into YOUR on-stage snake box using OUR XLR splitter. A return mix (from you) of the toms & OH's that you mic'd will go into Channel 16 (XLR) of our monitor mixer. Please position your snake box directly behind our monitor rack. This allows us to easily facilitate our on-stage, five-mix, personal in-ear monitor system.
